Forecast for Tuesday 18 Aug 2020

Weather: Low cloud with outbreaks of rain or drizzle at times, perhaps turning dry for a few hours in the morning and again late afternoon when some bright or sunny spells may develop, but some heavy, showery outbreaks around early afternoon. Any patchy rain clears by dusk to give a dry night

Chance of cloud free mountain/hill tops above 700m: 10% or less through the morning and early afternoon, cloud extensive often down to low levels. Cloud likely lifts above the summits from mid-afternoon.

Visibility: Very poor at height in low cloud. Becoming good in the afternoon.
